

Snack Time

We have a healthy, freshly prepared snack at
Preschool every day.

Our premises are inspected by the Environmental
health and we passed our most recent inspection
(March 2015)

Our snack menu can be found on the notice board in
the lobby, along with details of any foods containing
allergens.

We try to use seasonal produce and a typical snack
menu will contain a selection of 2-3 fresh fruits and
vegetables, a carbohydrate and a drink of fresh milk
or water.

Fresh drinking water is available at all times.

We cater for all dietary requirements -please see a
play leader for further information.
